TCS-2587-58

DP-HTA-93

20 March 1958

MEMORANDUM FOR: Executive Secretary, Utilization Advisory Board

SUBJECT : Request for Release of TALENT Derived Information  
Outside of the TALENT Control System

ATTACHMENTS : TCS-2831 plus one sanitized memo and  
two annotated USAF Target Charts

1. It is requested that approval be granted for the attached materials (one sanitized memo and two annotated charts) to be released outside of the TALENT Control System and passed to the DDP/SR Division for immediate operational use.

2. The memo and charts were prepared by HTA in response to DDP Requirement No. 4-58. Although TALENT information was useful in the preparation of subject materials, it is entirely possible that they could have been prepared from collateral sources alone. The information, therefore, is not directly attributable to the TALENT source.

3. It is intended, if approved, to pass the charts "as is" to the SR Division. The HTA memo has been rewritten by the TCO/DDP excluding certain phrases which hint of the TALENT source. Both the original memo and the sanitized version for SR are included for your information.
